

SITE SUPERINTENDENT – ICI and Multi Residential Construction

BARBICAN has a strong foundation built upon family values. As a family owned and operated business founded in 2003, we are committed to providing the highest quality standards to our clients. We pride ourselves on providing exceptional service to our clients. Our philosophy has allowed us to develop a strong reputation for competence, integrity, and dependability. This commitment to excellence has allowed Barbican to forge lasting relationships with many client partners.

Barbican is looking to add a full time Construction Site Supervisor and to provide this team member with the **Opportunity** to fulfill, maintain and establish long term relationships with clients through **quality construction and exceptional client service.**

What you'll be doing:

- Supervise and coordination on site construction activities
- Assist project manager in the development of the project schedules and construction plan
- Manage Quality control plan
- Oversee Health & Safety Policy and requirements
- Have a thorough knowledge of the project plans and specifications
- Ensure compliance with project construction schedule
- Document project progress, deficiencies, and the next steps.
- Ensure project documents are current and on-site including drawings, specifications, change notices etc.
- Resolve construction issues and general coordination of project elements
- Complete all documentation as required, daily and weekly site super reports

Who we are looking for:

- A self-motivated professional with previous experience as a site superintendent
- Proven experience of construction technology, documentation, methods, equipment, tools, and work procedures.
- Sound expertise in maintaining the construction scheduling
- Excellent organizational and time management skills
- Understanding of construction methodology and skilled at reading project plans
- Knowledge of local and provincial building codes
- Skilled at problem solving and the ability to resolve issues
- Leadership qualities
- Must be able to qualify for “reliability” level security clearance

Education & Skillsets:

- Proficiency in MS Office and MS Project
- Experience with Sage 100, Sage 300, Master Builder or Timberline software (an asset).
- Architectural Technology, Engineering or Architectural degree (an asset).
- Bilingual (English and French) considered an asset but not mandatory

Where we work:

- Our projects are located in Ottawa, Ontario and surrounding areas

Opportunity:

Do you have the right stuff? Are you looking for the opportunity to do great work and to build lasting relationships?

We are excited at the prospect of adding incredible new members to team Barbican. If you are committed to doing great work and think you have what takes, we encourage you to apply by submitting your resume to info@baribcanconstruction.com

We appreciate and thank you taking the time to consider Barbican.
